**BGLOBAL PLC**

(“Bglobal” or “the Company” or “the Group”)

**BGLOBAL WINS CONTRACT TO SUPPLY SMART METERS TO DUAL ENERGY DIRECT**

Bglobal plc (AIM: BGBL), the leading UK smart metering and energy data company, has signed an agreement to deliver end-to-end smart metering services to new electricity market entrant Dual Energy Direct Limited (“Dual”).

Bglobal will supply, install and service its latest generation of smart electricity meters to Dual’s business customers in the UK from April 2010 onwards. Bglobal will also supply Dual with data collection and analysis services and its web-based energy management software platform.

**Arthur Wingrove, Director of Dual Energy Direct said:** “We aim to bring our customers an end to estimated bills, better service and realistic pricing through the installation of smart meters. Working with Bglobal will enable us to provide all our customers with smart metering from day one and Bglobal’s energy management software gives our customers the ability to take real control of their energy usage and costs, delivering added value alongside our other services.”

**Tony Barnes, Chief Executive of Bglobal said:** “We are thrilled to be working with Dual and supporting their successful entry to the UK electricity market. We look forward to working alongside Dual to assist with their long-term ambitions as they work to grow a strong business.”
